

Group Accident Insurance

Unum Insurance Company

How does it work?

Accident Insurance provides a set benefit amount based on the type of injury you have and the type of treatment you need. It covers accidents that occur on and off the job. And it includes a range of incidents, from common injuries to more serious events.

Why is this coverage so valuable?

It can help you with out-of-pocket costs that your medical plan doesn't cover, like co-pays and deductibles.

The cost is conveniently deducted from your paycheck.

Who can get coverage?

You	If you're actively at work*
Your spouse	Can get coverage as long as you have purchased coverage for yourself.
Your children	Dependent children from birth until their 26th birthday, regardless of marital or student status.

*Employees must be legally authorized to work in the United States and actively working at a U.S. location to receive coverage. See Schedule of benefits for a complete listing of what is covered.

Accident Insurance can pay you money for covered accidental injuries and their treatment.

Since our founding in 1848, Unum has been a leader in the employee benefits business.

Innovation, integrity and an unwavering commitment to our customers has helped us become a global leader in financial protection benefits.
